This book develops a contemporary theory of nationalism that addresses 21st century political challenges exploring theoretical and empirical understandings of the concepts of the nation and nationalism and the failure of various theoretical accounts to decipher the diverse manner by which nationalism comes to be embedded in our social and political world accounting for the dynamism and intertextuality of nationalism. Nationalism and Hegemony shows how the nation and nationalism come to be consolidated as conceptual and experiential power structures and how the interests of political groups are advanced through diverse nationalist modalities which can at any time be activated for political purposes. A critique of the various and diverse manifestations of nationalism this contribution to both theory and political practice will appeal to scholars working in the fields of sociology and social and political theory.
