of scholars to discuss various research traditions the ethical and pragmatic challenges associated with conducting crime related fieldwork relevant policy recommendations for practitioners in the field and areas of future research for crime ethnographers

through interdisciplinary and multidisciplinary perspectives and with an emphasis on exploring patterns as well as distinct and unique conditions across the globe this collection examines advanced and cutting edge theoretical and methodological approaches to the study of the health of urban populations despite the growing interest in global urban health there are limited resources available that provide an extensive and advanced exploration into the health of urban populations in a transnational context this volume offers a high quality and comprehensive examination of global urban health issues by leading urban health scholars from around the world the book brings together a multi disciplinary perspective on urban health with chapter contributions emphasizing disciplines in the social sciences construction sciences and medical sciences the co editors of the collection come from a number of different disciplinary backgrounds that have been at the forefront of urban health research including public health epidemiology geography city planning and urban design the book is intended to be a reference in global urban health for research libraries and faculty collections it will also be appropriate as a text for university class adoption in upper division under graduate courses and above the proposed volume is extensive and offers enough breadth and depth to enable it to be used for courses emphasizing a u s or wider western perspective as well as courses on urban health emphasizing a global context

lifts the lid on london gangs of the last two centuries the weekly news lays bare the truth behind the capital s underworld far before the krays and the richardsons became well known the wharf incredible real life tales southwark news long before the kray twins london was plagued by gang warfare as vicious as anything that was to come from the 19th century onwards violent mobs fought pitched battles for territory and local pride the bethnal green boys hunted hackney s broadway boys clerkenwell took on somers town the red hands prowled deptford and the silver hatchets terrorised islington while the police and judiciary seemed powerless to stop them the first ever history of these intriguing street mobs traces them from jonathan wild the archetype for dickens fagin to sprawling super gangs like the titanic and the elephant boys it tells the bloody story of the racecourse wars when darby sabini and billy kimber slugged it out for control of gambling pitches and of such big hitters as george sage the guv nor of camden town dodger mullins and the mcdonald brothers eventually these local firms spawned notorious gangsters such as jack spot billy hill and johnny carter who carved out organised crime rackets across the capital gangs of london is a riveting journey through the dark underbelly of

one of the world's great cities

contains essays in which the authors examine issues of and responses to teen gangs in fourteen countries including Australia, Great Britain, Israel, Puerto Rico, and the United States

From longbow, pike and musket to challenger tanks from the Napoleonic Wars to the Gulf Campaign, the Duke of Marlborough to Field Marshal Montgomery, the Oxford Illustrated History of the British Army recounts the history of the British Army from its medieval antecedents to the present day. Drawing on the latest scholarship, this survey shows how British fighting forces have evolved over the last five centuries. The continuities revealed are sometimes surprising: narrow recruitment patterns, friction between soldiers and civilians, financial constraints, and recurrent political pressure for economies are constant themes. Commanders, campaigns, battles, organization, and weaponry are covered in detail within the wider context of the social, economic, and political environment in which armies exist and fight. The British Army has been remarkably successful in fighting terms, losing only one major war of American Independence, 1775-83. As one of the engines of empire, it has been active all over the world, as well as shaping the internal destiny of the nation in civil war and revolution. Its history is charted in a sequence of chronological chapters, each containing special feature articles. Beginning with the medieval Elizabethan and Restoration Army and moving on through the eighteenth and nineteenth centuries to the two World Wars of the twentieth, the book concludes with accounts of the Army of British India, the amateur military tradition, the British way in warfare, and an assessment of what the future may hold in the light of the options for change. Review extensively illustrated in black and white and colour, and with a detailed chronology and further reading lists, this is the definitive one-volume history of the British Army for specialists and non-specialists alike.

This book examines the social conditions for the existence of professional crime and the ways in which its organization is varied to cope with the conditions of social control in different societies. It also explores the historical conditions for the emergence of stable patterns of professional crime.

Beginning with the advent of Europeans in the late 1800s, this volume presents Kenya as a land of contrasts in geography as well as people. Gatheru discusses the viewpoint of the Kenyan people, enumerating the events and attitudes which led to the eventual

eruption of violence provided by publisher

decolonization and its impact is a ground breaking comparative study of decolonization from before the second world war to the early 1960s compares key cases across the european colonial empires focuses on the process and impact of decolonization at the level of the late colonial state and of colonial societies presents an original model of decolonization that seeks to reconcile imperial and nationalist perspectives engages with important theoretical approaches makes extensive reference to recent literature on the subject

abadinsky provides a detailed comprehensive analysis of the origins history theoretical explanations and structure of domestic and international organized crime including drug trafficking gambling and loan sharking the author also explains the methods employed by law enforcement agencies to combat organized crime and the policy decisions reached by various investigating committees and commissions including the president's commission on organized crime
