this book examines how various areas of law collectively influence the relationship between a company and its directors particularly in safeguarding the long term interests of stakeholders directors inappropriate actions can expose a company to significant corporate risks particularly in relation to regulatory violations such as breaches of competition law when directors engage in such misconduct company law and corporate governance provide certain control mechanisms that allow the company to manage these risks additionally directors can be discouraged from engaging in such behaviour by the threat of being held accountable for violations of competition law this book evaluates various tools designed to regulate directors behaviours and ensure accountability questioning whether the legal frameworks strike the right balance between corporate liability and personal accountability it argues that these mechanisms do not sufficiently protect the long term interests of stakeholders and that shortcomings in the law leave companies vulnerable to directors misconduct which cannot be adequately addressed through traditional risk management strategies this book will be of interest to researchers in

the field of corporate law competition law and corporate governance
