these proceedings represent the work of researchers participating in the 6th international conference on management leadership and governance icmlg 2018 which is being hosted this year by the institute for knowledge and innovation southeast asia iki sea a centre of excellence of at bangkok university thailand on 24 25 may 2018

kieso weygandt and warfield s intermediate accounting continues to set the standard for intermediate accounting students and professionals in the field the fifteenth edition builds on this legacy through new innovative student focused pedagogy in the book itself and with online support kieso maintains the qualities for which the text is globally recognized including its reputation for accuracy comprehensiveness accessibility and quality problem material that best prepares students for success on the cpa exam the fifteenth edition offers the most up to date coverage of ifrs and us gaap in a presentational format suited to the complex challenges of teaching intermediate in these changing times the wileyplus homework and learning platform is better than it has ever been for kieso with a multitude of new assessment items multimedia resources and enhanced functionality to ensure students will do real accounting and get real results there have also never been so many options for accessing content from several online only options premium value print and digital formats and custom versions designed to fit your needs perfectly

frank wood s business accounting volume 1 the world s best selling textbook on book keeping and accounting continues to provide an indispensable introduction for students and professionals across the globe

basics of accounting targets students in international business study programs it covers the widely applied syllabus of accounting at universities on bachelors and masters level in this book the application of the methods comes first the basics teach how to do accounting by a case study based approach all cases were taken from former exam papers at international universities and

calculated completely and illustrated understandably bookkeeping and financial accounting covers the preparation of financial statements based on ifrs bookkeeping is taught as far as it is required for the understanding by managers more formal aspects about how to keep financial records are cut short to the minimum

management and cost accounting has been the basic toolbox in business administration for decades today it is an integral part of all curricula in business education and no student can afford not to be familiar with its basic concepts and instruments at the same time business in general and management accounting in particular is becoming more and more international english clearly has evolved as the lingua franca of international business academics students as well as practitioners exchange their views and ideas discuss concepts and communicate with each other in english this is certainly also true for cost accounting and management accounting management accounting is becoming increasingly international management and cost accounting is a new english language textbook covering concepts and instruments of cost and management accounting at an introductory level bachelor but also suited for mba courses due to strong focus on practical applications and cases this textbook covers all topics that are relevant in management accounting in business organizations and that are typically covered in german and central european bachelor classes on cost accounting and management accounting after an introduction to the topic including major differences between the german approach and the purely anglo saxon approach of management accounting the book describes different cost terms and concepts applied in german cost accounting the book is much more specific here compared to us american standard textbooks based on different cost concepts the topic of cost behavior is discussed including the determination of cost functions the heart of the book guides the reader through the general structure of a fully developed cost accounting system following the german and central european standard it starts with cost type accounting moves on to cost center accounting and finally deals with cost unit accounting assigning cost to goods and services offered in the market the remaining parts of the book deal with decision making and how management and cost accounting data can support managers in this task a comparison of absorption costing and variable costing introduces the reader to management decisions such as product portfolio and outsourcing decisions additionally cost volume profit analysis break even analysis is covered the book closes with a comprehensive treatment of cost planning and variance analysis

financial reporting standards and financial analysis is a comprehensive guide designed to provide a holistic understanding of the principles standards and practices in modern financial reporting this book addresses the complexities of revenue recognition preparation of financial statements and valuation of assets and liabilities integrating insights from us gaap and ifrs each chapter provides a detailed explanation of foundational concepts offering practical examples and applications to ensure relevance to both academic and professional audiences key topics such as the treatment of current assets and liabilities equity transactions and business combinations are explained with clarity supported by a comparative perspective of international standards in addition to traditional financial reporting the book introduces readers to the evolving role of technology in finance from accounting

information systems to data analytics and visualization tools it emphasizes the importance of leveraging technology for efficient financial analysis and decision making this book is meticulously structured to cater to students pursuing finance and accounting as well as professionals looking to enhance their knowledge and skills with its emphasis on theoretical rigor and practical relevance financial reporting standards and financial analysis is an invaluable resource for anyone aiming to excel in the field of financial reporting and analysis in a globalized world

there is growing interest in the history of accounting amongst both accounting practitioners and accounting academics this interest developed steadily from about 1970 and really took off in the 1990s however there is a lack of texts dealing with major aspects of accounting history that can be used in classrooms to inform new researchers and to provide a source of reference for established researchers the great deal of research into cost and management accounting in britain published in academic journals over the last twenty years including the authors own contributions makes the history of cost and management accounting an essential contribution to the field
