the classic personal guide for principals updated to address today s challenges of all the elements

needed for a successful school a competent responsive and visionary principal may be the most important and for over a decade principals of all experience levels have turned to the principal's companion for ideas techniques and reflective opportunities that help them do their jobs better the thoroughly updated fourth edition covers big picture strategies and day to day tactics such as the principal's many roles critical skills for effective leadership honoring the school's mission working together to build a learning community starting effectively and staying the course

this book concerns itself with the daily dilemmas of the elementary school principal and understanding the practical application of school leadership while improving the professional standards for educational leaders 2015 competency in order to improve pSEL 2015 competency each case study is aligned to multiple standards the case studies in this book can be a powerful tool for learning school leadership it gives readers the opportunity to gain experience making decisions in the face of uncertainty much as they will have to do every day when they are in the field or when they are ready to work in their chosen field the result of candid interviews with school officials in America's public schools school improvement organizations city and state departments of education the case studies in this book explore complex issues in school leadership from school budget management to navigating parental concerns in the social media age each case study tells a detailed story which stops mid action asking the reader to imagine themselves into the shoes of a decision maker facing a tough choice as a result of these case studies classroom discussions are lively and most important there isn't a single right answer readers practice taking positions and defending them based on the available evidence while developing communication and critical thinking skills this book is a must read for any emerging school leader

this book based on detailed studies of eight innovations in mathematics and science education has many insights to offer on current school reform since each innovation studied has taken its own unique approach the set as a whole spans the spectrum from curriculum development to systemic reform from concentrating on particular school populations to addressing all of K-12 education yet these reform projects share a common context a world view on what matters in science and mathematics for students of the 1990s and beyond convictions about what constitutes effective instruction and some notions about how school change can be brought about these commonalities are drawn out in the book and illustrated with examples from the individual case studies that are reported in full in bold ventures volumes 2 and

3 the eight innovations all of them projects that are well known at least by name to u s audiences are briefly described in chapter 1 each was the sub ject of an in depth three year case study the research teams analyzed many documents attended numerous project meetings visited multiple sites conduct ed dozens of individual interviews the team leaders having spent much time with mathematics or science education over long careers looked at these reform projects through several lenses the teams sifted through the mountains of data they had collected in order to tell the story of each project in rich detail

features of the volume comprehensive strategic profiles representative of small firm populations information from business surveys and administrative data sources for a better understanding of how strategies and activities relate to firm performance and an exploration of how small firm strategies and activities vary across a diverse range of operating environments from manufacturing to services to science based environments

includes the yearbook of the dept of elementary school principals of the national education association of the u s and beginning with v 34 includes the department s membership directory and annual report

master s thesis from the year 2020 in the subject organisation and administration public administration grade 1 1 free university of berlin otto suhr institut language english abstract the paper is divided in two main parts the first part introduces the agency theory and its application to two relevant aspects the agency theory in the public sector and the agency theory involving artificial agents the second part aims at providing answers to the research questions by discussing the changes in the agency of the public administrations as well as the changes in the control methods used to monitor these administrations finally the conclusion summarizes the answer to the research questions exposes the implications and limits of this paper and offers leads for possible future research on this topic automated decision making adm a type of algorithm which supports decision making and combines advanced analytics and data minig to make predictions has been developed in various public sector fields from predictive policing to healthcare and is increasingly helping public agents by delivering analysis that they can leverage to make their decisions this technique involves three main stakeholders the programmer of the algorithmic system the user who is the public agent operating the adm system and the individuals affected by the decisions made using adm this paper focuses on the consequences on the governance and

responsibility of administrations increasingly relying on algorithms to make their decisions does the introduction of adm in public administrations transform their agency if so why does this change occur and how does it impact the control methods required to supervise the actions of administrations the chosen approach is the agency theory which is suited to deal with delegation specifically between actors from different contextual backgrounds france has been chosen as the case study for this topic as it has put in place relevant laws and public institutions in order to deal with public adm the method chosen to investigate this issue is based on a literature review as it is appropriate to approach a case study this includes scientific papers for the technical aspects from computer sciences to social and political sciences as well as reports from governments international institutions and private companies more general literature such as articles and blog posts are used for information on the use of adm in france and the public debate surrounding it finally the methodology also includes semi structured interviews led with experts working on the topic of adm in the public sector

picking up the theme of a companion volume introduction to linear models dr dunteman extends his clear exposition to the case of multiple dependent variables he clarifies advanced concepts for both students and researchers in an intuitive non rigorous manner and every technique is illustrated step by step on small hypothetical yet meaningful social science data bases the reader who works through both of dunteman s texts will have built a basic understanding of statistical model building and a strong foundation for advanced studies

vols 65 96 include central law journal s international law list
